

Application Form

Stakeholder and amputation related research

Limbs 4 Life receives regular requests from external organisations interested in seeking participation from our stakeholders in their research, studies and surveys. In order for our Research Sub-Committee to assess whether your study or research project aligns with Limbs 4 Life's mission, vision and statement of purpose you are required to complete this form. It is also vital that any survey questions, study protocol and/or ethics approval documents are attached so that our Research Sub-Committee can adequately appraise applications.

Only applications for assistance with study design can be considered prior to ethics approval. If your request is successful, Limbs 4 Life will endeavour to share your study/ survey request to our stakeholders although we are unable to guarantee engagement of participants.

Please complete this form and email it to info@limbs4life.org.au or post to PO Box 282 Doncaster Heights VIC 3109

Limbs 4 Life endeavours to respond to you within four (4) weeks, after your request has been reviewed by our Research Sub-Committee.

1. Is your project a general survey or formalised study?

Click or tap to enter text.

2. Are you seeking assistance with:

- Execution of a study
- Execution of a survey (please submit a copy of the survey with this application)
- Study design

3. What is the title of your research project?

Click or tap here to enter text.

4. Has a study protocol been developed? *It is Limbs 4 Life's preference to support projects with a documented study protocol which guides the research process as a whole. If you do not yet have a study protocol developed we recommend accessing reporting guidelines available through the EQUATOR Network - www.equator-network.org*

- Yes (if yes, please submit your study protocol document with this application)
- No (if no, please advise when you anticipate your study protocol will be finalised and submitted to Limbs 4 Life as part of the application process)

Comments: Click or tap here to enter text.

- Yes
- No

Comments: Click or tap here to enter text.

I, Insert Your Name :

- Acknowledge that Limbs 4 Life takes no responsibility for the research and is not liable for any claims concerning harm or negligence that may arise during the research period.
- Acknowledge that Limbs 4 Life's provision of access to potential participants does not indicate our endorsement of or participation in the research project.
- Understand that Limbs 4 Life will publish the following disclaimer on our website:

Limbs 4 Life is a firm believer in research that aligns with its mission, vision and statement of purpose. Limbs 4 Life is not responsible for any external research project listed but always makes reasonable attempts to ensure that projects listed have appropriate approval from a recognised institution or organisation. All potential research participants should thoroughly read the participant information sheet provided by the researcher, and be satisfied that appropriate approval procedures have been met (e.g. ethics approval).

If you want to take part in a listed research project and you have any questions or concerns, these should be directed to the researcher or contact person on the participant information sheet. Limbs 4 Life is unable to answer questions about external research projects.
